Objective :

I am looking for a job where I can demonstrate my knowledge to the fullest and improve myself even more with new challenges.

SOFT SKILLS

- LEADERSHIP - I am a police officer with experience in managing office teams, overseeing a team of 20 people in the investigative field and another team of 10 people in administration. I stand out for my skills in communication, organization, and decision-making. Although my experience is not directly related to web development, I am enthusiastic about applying my skills to innovative web Project.

SKILLS

PROGRAMMING LANGUAGES

- JAVASCRIPT
- TypeScript
- PYTHON.

TECHNOLOGIES

- HTML, CSS, React , Redux, Bootstrap.
- Git, Github, Adobe Photoshop.
- Excellent handling of APIs, DOM y frameworks.
- backend NODE Js , SQL .
